

Community Open House

April 12 and 13, 2006

Welcome

At today's event you can...

- Learn how the Columbia River Crossing Project will improve traffic flow for people and freight.
- See the full range of solutions generated last fall, learn how they were evaluated, and consider the set of solutions proposed by staff to move forward for further study.
- Discuss your questions and ideas with project staff.
- Tell us what you think about the work so far, and share your ideas and suggestions.
- Learn about what's ahead for the project.
- Sign up to receive updates and announcements.
- Hear stories about local history and culture, and try your hand at building a bridge.

Schedule

4:30 Event begins
